

## **CSIR-CFTRI Conducts TEDP through Online Platform**

CSIR-CFTRI is organising a 6-weeks Technology Based Entrepreneurship Development (TEDP) programme supported by Department of Science & Technology (DST), Govt. of India on Food Processing and Technologies. The programme which is held on virtual platform is scheduled to begin from Feb 25, 2021 onwards. Participants will be provided with insights about indigenous technologies available/developed by CSIR-CFTRI for commercial purpose. The topics include opportunities in food processing sectors, novel food technologies, regulatory issues, entrepreneurship, etc.

30 potential entrepreneurs having degree/diploma (three years) in S&T will be trained through a structured programme of 6 weeks duration. The selection will be based on various criteria set by an internal Team including the potential for the selected candidate to become an entrepreneur. However, the admission is free of cost and the medium of instruction will be in English.

During the training period, participants also get to know the intricacies of how to start and manage an enterprise. At the end, they are assisted in preparing a detailed business plan. TEDP provides classroom training on all aspects of entrepreneurship, motivation, management areas including mentoring.

Those who are interested may Register themselves on or before Feb 19, 2021 with the link given below. The selected candidates will be informed by Feb 22, 2021 in order to attend the programme.
